

Application for project member - Webops and Blockchain club

Details:

- **Name:** TT Surya
- **Nick:** TT
- **Roll no:** EE22B051
- **E-Mail:** ee22b051@smail.iitm.ac.in
- **Phone:** 7550184181
- **CGPA:** 8.46

QUESTIONNAIRE

ABOUT YOU

1. Why do you wish to become a Project Member of the club and what is your motivation and expectation for applying? Also for which project you want to apply?

- I want to apply for "Instagram 3.0" project.
- I wish to become a project member of the club to get acquainted with the club and work under CFI, IITM.
- My main motivation for applying is to do a project using JS, the most popular programming language at the moment. I chose this project specifically because I'd wanna use such a decentralized Instagram one day which respects user privacy etc.
- My expectation is to get a good grasp of JS basic syntax and its concepts through such a practical project.

2. Mention your strengths, previous experience (if any) pertaining to the role.

Programming Languages

- I'm fluent with basic Python.
- I can work with Python, C, Batchscript, SQL* and Java*. (SQL and Java require revision)
- I'm still learning JS.

Markup Languages:

- Basic HTML, Markdown

Problem Solving:

- I do competitive programming (started in March'24) to improve my problem solving skills. My codeforces handle is [koder404](#) and my current(and peak) rating is 1349.
